The Legend

Letter from Chairman

Here we are again, another season is upon us. Even with last years bad weather, statistically we had the second most skier visits on record. this season is predicted to be a snowy one in the Northeast.

The Metropolitan New York Ski Council represents skiers & boarders from New York City, Long Island, Westchester and Southern Connecticut. The MNYSC is a proud member of the National Ski Council Federation. he Federation represents Councils throughout the United States. Their mission is to strengthen Councils, with industry participation, so they can better serve member clubs through communication, benefits, education and to influence issues relevant to snow sports. The MNYSC is run by people who volunteer their time. We are always looking for people to volunteer and help out.

This year the Council trip will be an Alaska Experience. We will go to Alyeska Resort for some great skiing, a one day glacier cruise and we end up in Anchorage to experience the ceremonial start to the Iditarod. Last year we went to Park City, it was a great time there and the weather was fabulous.

This year the annual race will be back at Pico Mountain. The race will be held on January 26, 2012. We had a great race last year at Sugarbush and we raised over \$1,400 for the Wounded Warrior Project.

I would like to thank the advertisers in the guidebook. Their generosity and support made it possible for the MNYSC to publish this guidebook. Please support the Resorts, Mountains, Lodges and Ski Shops. Let them know you saw their ad in the guidebook.

The Council has over 40 ski clubs. There is a ski club for everyone. All ski clubs have their own identity. Check out the clubs information in this guidebook. See what club interests you. Skiing or boarding with a group of people that a club provides offers many advantages. You can save on cost of a trip by lower prices for transportation, lodging and lift tickets. But the main advantage of joining a club is the camaraderie you get with skiing or boarding with you make and support from others while advancing your skills on the slopes.

This is my 7th year as Chairman. I enjoy the work involved with being Chairman, getting to go out to promote winter sports, through movie sponsorships, club meetings and events where I can speak to people about the joys of skiing and boarding.

The Council is a part of many organizations. The National Ski Areas Associations, the National Ski Council Federation, United States Ski and Snowboard Association and the Snowsports Industries of America.

So in ending, if you are not a member of a club, go to a meeting and check it out. If you are already a member, enjoy the benefits of being a member. Remember, get out there and enjoy yourself.

Hope to see you on the slopes.

Introduction

THE METROPOLITAN NEW YORK SKI COUNCIL is a non-profit organization dedicated to the sport of skiing which embodies recreational skiing - Alpine and Nordic -and amateur ski competition, in the form of intra-club and inter-club races. Our interclub race, held continuously since 1936, is one of the oldest Alpine races.

The Met Council's ski clubs with a total membership close to 8,000 reflect all interests. Some recall our backgrounds, for example, the Norsemen, Swedish and German Ski Clubs; some our workplaces like Grumman or LILCO; others residence locations like New York, Suffolk and Garden City; and even National history - the Tenth Mountain Division. The Council is a forum for local, national and international skiing concerns. It organizes special events and presentations, develops programs, listens to gripes and praises, all part of the friendly and invigorating sport of skiing. Its efforts are very important in helping support the U.S. Olympic Team, the Ski Hall of Fame and working with the U.S. Ski Association and the National Ski Patrol System. "Special effort is continuing to work with the United Ski Industries Association, the new name for the merged National Ski Areas Association with the Ski Industries of America and now known as USIA, located at 8377-B Greensboro Drive, McLean, Virginia, 22102; re promotions geared toward safety in skiing programs and the new skier campaign".

American Skiing was born more than 100 years ago with the Nansen Ski Club of Berlin, N.H. and Norwegian settlers of Wisconsin, Minnesota and Michigan. After the turn of the century, the National Ski Association was formed, followed by its first division, The Eastern Amateur Ski Association chartered at Saranac Lake, N.Y. in 1922. When the Federation International de Ski (FIS) was formed (Chamonix, 1924) the National Organization joined them.

Due to the distance between New York City and these organizations the regional Met Council was begun here in 1934. Since then Eastern has dissolved and USSA has moved to Park City, Utah, making the Met Council an even more important forum for Eastern Skiing.

Founders of the Met Council were an important factor in leading the U.S. ski movement, and witness Roland Palmedo, who played a great part in the original development in Stowe, later starting his own ski area - Mad River Glen. He was instrumental in the early stages of the National Ski Patrol, carrying the number 2. About this time the Metropolitan New York Ski Patrol was formed with Ken Littlefield as chairman. The Patrol newspaper "Trail Sweep" was started by Ken Littlefield and later carried on by Tom Ludwig, also a council member. Another council member, John Clair, Jr., served for 25 years as Regional Chairman of the Metropolitan New York Region Ski Patrol.

Although fewer than ten percent of our membership actively compete, we enjoy and support competition.

Over the years this council has been host to American and Foreign ski teams and VIP's visiting the United States largely because of it's location and because of the efforts of the late John Clair, Jr.

The Met Council THANKS these advertisers for their support

ANNUAL SKI & INTER-CLUB RACE DAY

Saturday, January 26, 2013

Pico, Vermont

www.picomountain.com

Each year since 1936 the Metropolitan New York Ski Council has run an annual ski and inter-club racing competition. The competition, which features both alpine and snowboard races, is normally held during the later part of January. To ensure good participation, five events are offered: Main, Intermediate, Junior, Husband & Wife, and Snowboard. The competition draws serious racers and not so serious racers alike and offers a wonderful opportunity for members of the Council's clubs to meet, to compete, to ski together and to celebrate at the après ski party where medals are awarded and tentative trophy winner results are announced.

The competition is open to anyone who has been a member of a Metropolitan New York Ski Council club since January 1st of the year of the race, who is a bonafide amateur, who meets the eligibility requirements of the event entered, and who abides by the rules. Each year the following prized trophies are engraved and passed to the winners or to the winners' clubs.

First Main Event Team - Palmedo Trophy

First Intermediate Event Team - German Ski Club Trophy

First Intermediate Event Junior Team - Herbert Schneider Trophy

Fastest Giant Slalom Skier - Harry W. Voegel Trophy

MAIN EVENT

First Elite Woman - Lillian Andlauer Trophy

First Senior Woman - Woman's Ski Association Trophy

First Woman - Harry Vallin Trophy

First Super Elite Man - Gene Worthley Memorial Trophy

First Elite Man - Matt Nuttilla Trophy

First Veteran Man - Eric Sand Trophy

First Man - Metropolitan New York Ski Council Trophy

INTERMEDIATE EVENT

Fastest Woman - Grumman Trophy

Fastest Man - Allan Potts Memorial Trophy II

First Junior Girl - Larry Thain Trophy

First Junior Boy - Bernard Bauer Trophy

SNOWBOARD EVENT

Fastest Snowboarder - Peter Endress Snowboarding Trophy

Be sure to include this happening on your club's calendar of events! Racers, club members and friends of club members are welcome to attend the après ski party. Contact your club's Met Council Rep/Contact Person for more details.

NATIONAL SKI AREA FEDERATION HOLDS ANNUAL MEETING AT TELLURIDE SKI RESORT

Delegates to the National Ski Council Federation's Annual meeting heard from three of the major organizations representing the ski industry.

David Ingemie, President, Snowsports Industry America, spoke to the delegates about the exhaustive surveys SIA has done to assess the growth of the snowsports industry.

He was joined by Troy Hawks, Communications Manager, National Ski Areas Association; and Tom Gately, President, Snowsports Merchandising Corporation, a national buying group of specialty shops. All expressed enthusiastic support for the Federation.

Hosted by Telluride Ski Resort, the meeting brought together representatives of 25 ski councils from across the nation, and 21 ski industry representatives.

The National Ski Council Federation designs their annual meetings to provide maximum interaction between ski council delegates and representatives of ski resorts, tour operators and other industry organizations. Industry representatives are an integral part of the organization.

"Discussions about booking ski club and council trips and a variety of other topics benefit from having ski council and industry perspectives included," said Joe Harvis, NSCF president.

Those present got a first look at the completely redesigned website that the Federation will launch later in the fall. The site will provide news and information from ski clubs and councils and the ski industry.

Presentation and discussion topics included post trip surveys, marketing an incoming ski trip to the destination, use of social media for marketing, airline travel, and record keeping and archiving.

The delegates selected Grand Targhee Resort in Wyoming for the Sept. 18-22, 2013 annual meeting and Grand Sierra Resort in Reno, Nev., for the Aug. 23-24, 2014 annual meeting.

About the National Ski Council Federation.

The National Ski Council Federation (NSCF), founded in 1998, is a not-for-profit organization made up of 30 ski councils and their respective ski clubs throughout United States. The Federation's purpose is to strengthen councils, with industry participation so they may better serve ski clubs through improved communication, education and benefits. The Federation conducts active programs in public affairs, communications, council development, racing, ski industry relations and skier outreach.

THE METROPOLITAN NEW YORK SKI COUNCIL HISTORY

The Metropolitan New York Ski Council had its inception as the Central Ski Committee in 1934. Representatives from 6 clubs met for the purpose of finding a way to bring skiing information to New York and to blaze the trails for the adventuresome to escape to the Winter Wonderland.

Drawn together by mutual interests, they worked in close harmony with the press and the Northland in an endeavor to evolve a uniform method of snow reporting.

The Council found and developed its own area at Norfolk, Connecticut, got ski trains to run there, and promoted weekend snow trains to the Catskills, Vermont, and the Laurentians. It got snow reports into the New York SUN, established a practice slope in Phoenicia, conducted interclub races which have been run ever since 1935, gave free instruction in Central Park, infected thousands of city dwellers with the ski bug by sponsoring movies, and helping promote the first winter sports show in New York City. This Council formed the Metropolitan Ski Patrol shortly after the NSPS was started. Ken Littlefield put out a bulletin, TRAIL SWEEP, which has become the National Ski Patrol's house organ.

Over the years this council has been host to foreign ski teams visiting the United States, largely because of its location and because of the efforts of the late John J. Clair Jr. It has also been a leader of the revival of ski touring.

The following is a highlight of events throughout the years:

November 1940 - The Metropolitan New York Ski Council met with ski writers. The meeting was devoted to an exchange of ideas between the members of the council and the press. Means of facilitating snow reports were also discussed.

November 1940 - The Amateur Ski Club, member of the Council, sponsored a meeting to award Minot Dole, Chairman of the National Ski Patrol, with the United States Eastern Amateur Ski Associations Safety Trophy.

November 1943 - The Swedish Ski Club, one of the most active ski clubs of the east, contributed 17 members to the United States Ski Troops.

December 1947 - The Amateur Ski Club hosted the United States Olympic Ski Team before they were sent off to the Fifth Winter Games at St. Moritz, Switzerland.

November 1949 - The Metropolitan New York Ski Council was designated by the National Ski Association of America to serve as the official reception committee to welcome all foreign skiers for the world championships to be held at Lake Placid, New York and Aspen, Colorado this winter. At this time the Council had 28 clubs and 7500 members.

October 1950 - The Metropolitan New York Ski Council had 30 clubs and close to 10,000 members.

January 1952 - The Metropolitan New York Ski Council hosted the United States Olympic Nordic Ski Squad before they departed to Oslo, Norway for the Sixth Winter Games.

1957 - The Metropolitan New York Ski Council's Ski Development Committee worked with New York State with forming new ski areas in the State.

Past members of the council who had an influence in the ski community:

John J. Clair Jr. - The Chairman of the 1956 United States Olympic Ski Games Committee. John has also held key positions with the National Ski Association of America, National Ski Patrol System and The United States Eastern Amateur Ski Association. In October 1956, John was named winner of the American Ski Trophy, because of his many contributions to the sport. In May 1970, John was inducted into the Ski Hall of Fame.

Roland Palmedo - The founder of Mad River Glen which opened in 1948. He was also an author of many books on skiing and developed one of the most extensive ski libraries in America. Roland was also a founding member of the National Ski Patrol.

Harry Voege - President of the New York State Winter Sports Council, Vice President and Director of the United States Eastern Amateur Ski Association and he founded The Metropolitan Ski Jumping Committee. He was instrumental in forming ski clubs throughout the Metropolitan New York City area. Harry was also Director of the National Ski Association. From the 1930's until his death, Harry was an advocate of eastern U.S. Skiing.

Today, The Metropolitan New York Ski Council has 40 ski and board clubs and over 12,500 members. The Council strives to uphold the dedication and hard work of the founding fathers in promoting winter sports in the Metropolitan New York City area.

SKIER'S RESPONSIBILITY CODE

There are elements of risk in skiing that common sense and personal awareness can help reduce:

1. Ski under control and in such a manner that you can stop or avoid other skiers or objects.
2. When skiing downhill or overtaking another skier, you must avoid the skier below you.
3. You must not stop where you obstruct a trail or are not visible from above.
4. When entering a trail or starting downhill, yield to other skiers.
5. All skiers shall use devices to help prevent runaway skis.
6. You shall keep off closed trails and posted areas and observe all posted signs.

White Plains Ski Club

70 members

Meet: Meetings are held once a month, October through April, at the Bradhurst Recreational Center in Hawthorne, NY.

Activities: Members of the White Plains Ski Club have

been enjoying skiing, winter and summer sports and outings and each other's company for almost 50 years. The WPSC is a fun and affordable way for you and your family and friends to enjoy skiing in winter and the beautiful Vermont countryside year-round. The lodge sleeps 32 and has large communal kitchen and dining areas, living room, a sunken fireplace, and room for equipment. Many of our members are avid downhill skiers, some are cross country skiers, and some don't ski at all. While Mad River Glen ("Ski it if you can") has a reputation for being a challenging mountain, our membership is comprised of expert, intermediate and beginner skiers who enjoy all that Mad River offers. We have both single and married members, some with children, some without. We have young members and "well-established" members. Despite our club name, our membership is spread throughout NY, NJ, CT and MA. Lodge: Skiers and non-skiers alike are invited to join us and discover our spacious and comfortable ski lodge within walking distance of the legendary Mad River Ski area in Waitsfield, VT.

The advertisement for Thunder Ridge Ski Area features a collage of images. At the top left is the Thunder Ridge Ski Area logo, which includes a stylized mountain and the text "THUNDER RIDGE SKI AREA". To the right of the logo is a large image of a skier in action, with the text "Skiing and Snowboarding... Family Fun, Only Minutes Away!" overlaid. Below these images is a row of smaller photos showing people in winter gear, including a child wearing goggles and a group of people standing together. The bottom section of the advertisement is a dark grey box containing the following text:

Learn to Teach, or Learn to Ski or Ride Like a Pro!

Do you wish you could glide down the hills or through the moguls and fresh powder like the pros you see while riding the lift? Do you wonder what secret gift or talent makes it so easy for them?

It's no secret, and you have the talent! The fact is, you can become a better skier or snowboarder by learning and applying certain basic skills.

You can learn these skills by joining ASIA (Amateur Ski Instructors Association) and taking our Ski or Snowboard Teaching Certification.

Don't want to teach? That's OK, join us for one of our many fun, two day, on snow instruction programs.

ASIA is a non-profit, professional snowsports organization formed in 1980 and run by its membership. We've trained and certified thousands of ski club members like you. ASIA is a member school of the Professional Ski Instructors of America (PSIA), just like most mountain schools, and offers top quality, professional instruction at a very reasonable cost to members.

Folks participate in the four day ASIA Teaching Certification programs to learn to teach others, then volunteer their time in a structured club, church, or school instruction program.

Many folks use ASIA Certification as a first step toward becoming a member of PSIA without having to join a mountain ski school. Others use the program simply to drastically improve their skiing or riding, as well as their understanding the sport.

Everyone looks forward to the fun, camaraderie and learning opportunities our programs provide.

It's easy to become an ASIA member! Just go to www.asiaski.org, download our membership application, and mail it to ASIA with your dues payment.

To take a program, check the ASIA schedule for an event near you. Download the program application, mail it to the ASIA office with your check for the program fee, and start looking forward to the season when you learn to ski or ride like the pros!

***Come ski
and ride
with ASIA!***

Want to Carve up the Corduroy, Blast Through the Bumps, and Slice on Ice?

Come spend a weekend on the snow with ASIA, getting pointers to improve your technique while meeting great folks who love to ski and ride!

ASIA offers programs for intermediate to expert skiers. Most famous are the popular Rally programs, which provide lifts, instruction, banquet and music to dance to as well.

In addition, your coaches will be hand-picked PSIA and CSIA coaches, with years of teaching and group handling experience, who love to share their knowledge of the sport with you.

We've been serving the snowsports community since 1980! Check out the schedule at www.asiaski.org for details and updates, and sign up today.

Miramar Ski Club

278 members.

Meet: The membership meets quarterly at 71 West 23rd St, Room 2 West, NYC 10010-4190.

Activities: Miramar Ski Club is a not-for-profit organization that offers a warm, friendly atmosphere with year-around activities and social events. During ski season, the club offers convenient and no-hassle planning with same-week reservations for most trips. Bus trips are run every weekend from New York City (with a NJ and Long Island pickup, LIE exit 36) to our fully equipped lodge in Waitsfield, VT. Waitsfield is a charming village in the Mad River valley, convenient to Sugarbush, Stowe and Mad River ("Ski It If You Dare!") Our Vermont home is a converted 1830 gristmill that sleeps 52 people, usually two to a room, the maximum of four sharing a bathroom and linens and towels are included. In the mornings, the bus drops us off right at the mountain and picks us up in the afternoon in time for hot showers, a cocktail party and a hot dinner prepared by a chef. Cross-country skiers and Boarders are welcome, and the bus will also take them and pick them up from the cross country skiing area. Our trips include discount lift tickets and great company for everyone from experts to beginners. Go to our web site for information on the Novice Downhill Skier Program to help defray the expenses of beginners or guests returning to skiing after many years. Cocktails, wine, happy hour and meals and lodging are all included in the low cost trips. The club also runs week long ski trips out West and to Europe and participates in club races.

During the spring/summer/fall, the club offers trips to the lodge to hike, bike and Kayak (to name a few of the activities). Meanwhile, members get together throughout the year for baseball games, wine tasting events, clam bakes, city walks, annual dances, holiday parties, mid-week happy hours, etc.

Suffolk Skidaddlers

350+ members (must be at least 21).

The Suffolk Skidaddlers Ski Club Inc. has been in existence for more than 30 years. We are a totally volunteer club, registered in New York State as a not for profit corporation. Our membership throughout the last five years has been around 400. We require that members be at least 21 years old to belong to the club. Our membership is about an even mix between couples and singles. We do not own nor do we have monetary interest in any lodge or similar facility.

We are a sport and health-orientated club. Primarily a ski club, with more than 15 ski trips a season: day trips, weekend, and week long trips, bus, car or plane. We ski all over the northeast and the west of America. We ski the east and western areas of Canada, as well as France, Italy, Switzerland, Austria and even Sweden.

Additionally, we have summer activities, and club functions ensure that throughout the entire year there is always something to do with the club. We have general meetings most every Wednesday of the year, unless it falls on a holiday. There is no requirement to attend meetings.

All of our meeting dates and activities are listed in our newsletter and our website.
