## Introduction

THE METROPOLITAN NEW YORK SKI COUNCIL is a non-profit organization dedicated to the sport of skiing which embodies recreational skiing - Alpine and Nordic -and amateur ski competition, in the form of intra-club and inter-club races. Our interclub race, held continuously since 1936, this our 80th anniversary year, one of the oldest Alpine races.

The Met Council's ski clubs with a total membership close to 8,000 reflect all interests. Some recall our backgrounds, for example, the Norsemen, Swedish and German Ski Clubs; some our workplaces like Grumman or LILCO; others residence locations like New York, Suffolk and Garden City; and even National history - the Tenth Mountain Division. The Council is a forum for local, national and international skiing concerns. It organizes special events and presentations, develops programs, listens to gripes and praises, all part of the friendly and invigorating sport of skiing. Its efforts are very important in helping support the U.S. Olympic Team, the Ski Hall of Fame and working with the U.S. Ski Association and the National Ski Patrol System. "Special effort is continuing to work with the United Ski Industries Association, the new name for the merged National Ski Areas Association with the Ski Industries of America and now known as USIA, located at 8377-B Greensboro Drive, McLean, Virginia, 22102; re promotions geared toward safety in skiing programs and the new skier campaign".

American Skiing was born more than 100 years ago with the Nansen Ski Club of Berlin, N.H. and Norwegian settlers of Wisconsin, Minnesota and Michigan. After the turn of the century, the National Ski Association was formed, followed by its first division, The Eastern Amateur Ski Association chartered at Saranac Lake, N.Y. in 1922. When the Federation International de Ski (FIS) was formed (Chamonix, 1924) the National Organization joined them.

Due to the distance between New York City and these organizations the regional Met Council was begun here in 1934. Since then Eastern has dissolved and USSA has moved to Park City, Utah, making the Met Council an even more important forum for Eastern Skiing.

Founders of the Met Council were an important factor in leading the U.S. ski movement, and witness Roland Palmedo, who played a great part in the original development in Stowe, later starting his own ski area - Mad River Glen. He was instrumental in the early stages of the National Ski Patrol, carrying the number 2. About this time the Metropolitan New York Ski Patrol was formed with Ken Littlefield as chairman. The Patrol newspaper "Trail Sweep" was started by Ken Littlefield and later carried on by Tom Ludwig, also a council member. Another council member, John Clair, Jr., served for 25 years as Regional Chairman of the Metropolitan New York Region Ski Patrol.

Although fewer than ten percent of our membership actively compete, we enjoy and support competition.

Over the years this council has been host to American and Foreign ski teams and VIP's visiting the United States largely because of its location and because of the efforts of the late John Clair, Jr.

## Letter from Chairman

Hello all and welcome. Since you are reading this I hope you browse through the guidebook and see part of what the Metropolitan New York Ski Council (MNYSC) has to offer. The MNYSC has been in existence for over 80 years. We may have Ski in the name, but we are more than just skiers. We are boarders, bikers and all snowsports and outdoor enthusiasts.

The Metropolitan New York Ski Council represents skiers & boarders from New York City, Long Island, Westchester, New Jersey and Southern Connecticut. The MNYSC is a proud member of the National Ski Council Federation. The Federation represents Councils throughout the United States. Their mission is to strengthen Councils, with industry participation, so they can better serve member clubs through communication, benefits, education and to influence issues relevant to snow sports. The MNYSC is run by people who volunteer their time. We are always looking for people to volunteer and help out.

The Council is a part of many organizations. The National Ski Areas Associations, the National Ski Council Federation, United States Ski and Snowboard Association, Snowsports Industries of America and the Ski Areas of New York.

I would like to thank the advertisers in the guidebook. Their generosity and support made it possible for the MNYSC to publish this guidebook. Please support the Resorts, Mountains, Lodges and Ski Shops. Let them know you saw their ad in the guidebook.

This season the MNYSC will be going to Mt. Bachelor, Oregon. Check out their ad in the middle of the guidebook, just beautiful. Last season we went to Banff Lake Louise Sunshine and had a great time.

We will be back at Pico Mountain, Vermont again for our annual race in January. Last year we raised \$3,000 during our after race party and that went to various charities and organizations that cater to the snowsports industries.

The Council has over 45 ski clubs. We had 2 more clubs join this season. There is a ski club for everyone. All ski clubs have their own identity. Check out the clubs information in this guidebook. See what club interests you. Skiing or boarding with a group of people that a club provides offers many advantages. You can save on cost of a trip by lower prices for transportation, lodging and lift tickets. But the main advantage of joining a club is the FUN you will have while skiing or boarding with the new friends you made in your club. There are also club member discounts that are on the website [www.METNYSKI.org](http://www.METNYSKI.org) that is offered to the clubs that you as a member will be able to enjoy.

The MNYSC also offers a \$500 scholarship for high school seniors looking to attend college and cnd college students already enrolled. It is the Harry Walter Voege Memorial Scholarship. The information may be found in the guidebook or on our website [www.METNYSKI.org](http://www.METNYSKI.org).

I am now in my 10th year as Chairman of the Metropolitan New York Ski Council. I enjoy being Chairman, as I get to meet people at the events we attend. I enjoy talking about skiing and or boarding with anyone, talking about the benefits of being a member of a club. This season the Council will be involved with more movie premiers in NYC. The Council is always looking for new ways to get the word out to everyone in the metropolitan New York City area. If you are at an event, and the Council has a table set up, stop by and say hello. We are always ready to talk and meet new people. Maybe make some new friends.

The clubs offer a lot to members. Some clubs have lodges near ski areas that are great for families. Some clubs like to travel. Find a club that is right for you. Just remember one thing. Have FUN and enjoy.

Hope to see you on the slopes. **Michael Calderone, Chairman**

# ANNUAL SKI & INTER-CLUB RACE DAY

Saturday, January 23, 2016

Pico, Vermont

[www.picomountain.com](http://www.picomountain.com)

Each year since 1936 the Metropolitan New York Ski Council has run an annual ski and inter-club racing competition. The competition, which features both alpine and snowboard races, is normally held during the later part of January. To ensure good participation, five events are offered: Main, Intermediate, Junior, Husband & Wife, and Snowboard. The competition draws serious racers and not so serious racers alike and offers a wonderful opportunity for members of the Council's clubs to meet, to compete, to ski together and to celebrate at the après ski party where medals are awarded and tentative trophy winner results are announced.

The competition is open to anyone who has been a member of a Metropolitan New York Ski Council club since January 1st of the year of the race, who is a bonafide amateur, who meets the eligibility requirements of the event entered, and who abides by the rules.

# NATIONAL SKI COUNCIL FEDERATION NEWSBEAT

## SEPTEMBER 2015

Delegates to the National Ski Council Federation's annual meeting Sept. 9-13, elected the following officers to serve two-year terms: Lisa Beregi, President (Crescent Ski Council); William Shadboldt, Vice President (Northwest Ski Club Council); Cheryl Mann, Treasurer (Texas Ski Council); and Jane Guitierrez, Secretary (Los Angeles Council of Ski Clubs and National Brotherhood of Skiers).

The keynote speaker was Charlie Adams, who gave a motivational talk about the "Miracle on Ice" victories by the U.S. hockey team at the 1980 Olympics. He included a wealth of interesting information about the historic event and how the community came together to make it happen.

Hosted by Lake Placid, the meeting brought together representatives of 25 ski councils from across the nation, and 18 ski industry representatives. Attendees were treated to a guided tour of the 1980 U.S. Olympic hockey stadium and speed skating venue narrated by Jim Rogers, a member of the 1980 Olympic host committee.

"We saw that Lake Placid offers quality dining and lodging throughout the community in addition to great skiing on Whiteface Mountain," said Joe Harvis, outgoing NSCF president.

"We very much appreciate the energy and enthusiasm of the Lake Placid Regional Office of Sustainable Tourism, Whiteface Mountain and all the lodging properties who were such wonderful hosts: Crown Plaza of Lake Placid, Quality Inn Lake Placid, Courtyard by Marriott, Golden Arrow Resort, The High Peaks Resort, The Hampton Inn and Suites, and The Whiteface Lodge."

The National Ski Council Federation annual meetings provide maximum interaction between ski council delegates and representatives of ski resorts, tour operators and other industry organizations. Industry representatives are an integral part of the agenda. Delegates discussed a variety of topics related to growing the sport, increasing club membership, working with resorts and industry organizations, and current ski and binding technology.

They participated in two leadership breakout sessions to brainstorm about inspiring members to volunteer and internal club and council communications. The sessions provided attendees with valuable ideas to take back to their clubs and councils.

The delegates selected Heavenly Valley and the Lake Tahoe Resort Hotel at South Lake Tahoe, Calif., as the site for the August 23-27, 2016 annual meeting, and Sun Peaks, British Columbia, Canada, for 2017.

About the National Ski Council Federation: The National Ski Council Federation (NSCF), founded in 1998, is a not-for-profit organization made up of 30 ski councils and their respective 640 ski clubs with more than 300,000 members throughout United States. The Federation's purpose is to strengthen councils, with industry participation so they may better serve their ski clubs through improved communication, education and benefits. The Federation conducts active programs in public affairs, communications, council development, racing, ski industry relations and skier outreach.

# THE METROPOLITAN NEW YORK SKI COUNCIL HISTORY

The Metropolitan New York Ski Council had its inception as the Central Ski Committee in 1934. Representatives from 6 clubs met for the purpose of finding a way to bring skiing information to New York and to blaze the trails for the adventuresome to escape to the Winter Wonderland.

Drawn together by mutual interests, they worked in close harmony with the press and the Northland in an endeavor to evolve a uniform method of snow reporting.

The Council found and developed its own area at Norfolk, Connecticut, got ski trains to run there, and promoted weekend snow trains to the Catskills, Vermont, and the Laurentians. It got snow reports into the New York SUN, established a practice slope in Phoenicia, conducted interclub races which have been run ever since 1935, gave free instruction in Central Park, infected thousands of city dwellers with the ski bug by sponsoring movies, and helping promote the first winter sports show in New York City. This Council formed the Metropolitan Ski Patrol shortly after the NSPS was started. Ken Littlefield put out a bulletin, TRAIL SWEEP, which has become the National Ski Patrol's house organ.

Over the years this council has been host to foreign ski teams visiting the United States, largely because of its location and because of the efforts of the late John J. Clair Jr. It has also been a leader of the revival of ski touring.

## **The following is a highlight of events throughout the years:**

**November 1940** - The Metropolitan New York Ski Council met with ski writers. The meeting was devoted to an exchange of ideas between the members of the council and the press.

Means of facilitating snow reports were also discussed. **November 1940** - The Amateur Ski Club, member of the Council, sponsored a meeting to award Minot Dole, Chairman of the National Ski Patrol, with the United States Eastern Amateur Ski Associations Safety Trophy.

**November 1943** - The Swedish Ski Club, one of the most active ski clubs of the east, contributed 17 members to the United States Ski Troops. **December 1947** - The Amateur Ski Club hosted the United States Olympic Ski Team before they were sent off to the Fifth Winter Games at St. Moritz, Switzerland.

**November 1949** - The Metropolitan New York Ski Council was designated by the National Ski Association of America to serve as the official reception committee to welcome all foreign skiers for the world championships to be held at Lake Placid, New York and Aspen, Colorado this winter. At this time the Council had 28 clubs and 7500 members. **October 1950** - The Metropolitan New York Ski Council had 30 clubs and close to 10,000 members.

**January 1952** - The Metropolitan New York Ski Council hosted the United States Olympic Nordic Ski Squad before they departed to Oslo, Norway for the Sixth Winter Games. **1957** - The Metropolitan New York Ski Council's Ski Development Committee worked with New York State with forming new ski areas in the State.

## **Past members of the council who had an influence in the ski community:**

**John J. Clair Jr.** - The Chairman of the 1956 United States Olympic Ski Games Committee. John has also held key positions with the National Ski Association of America, National Ski Patrol System and The United States Eastern Amateur Ski Association. In October 1956, John was named winner of the American Ski Trophy, because of his many contributions to the sport. In May 1970, John was inducted into the Ski Hall of Fame.

**Roland Palmado** - The founder of Mad River Glen which opened in 1948. He was also an author of many books on skiing and developed one of the most extensive ski libraries in America. Roland was also a founding member of the National Ski Patrol.

**Harry Voege** - President of the New York State Winter Sports Council, Vice President and Director of the United States Eastern Amateur Ski Association and he founded The Metropolitan Ski Jumping Committee. He was instrumental in forming ski clubs throughout the Metropolitan New York City area. Harry was also Director of the National Ski Association. From the 1930's until his death, Harry was an advocate of eastern U.S. Skiing. of the founding fathers in promoting winter sports in the Metropolitan New York City area.

Activities: Miramar Ski Club is a not-for-profit organization that offers a warm, friendly atmosphere with year-around activities and social events. During ski season, the club offers convenient and no-hassle planning with same-week reservations for most trips. Bus trips are run every weekend from New York City (with a NJ and Long Island pickup, I-95 exit 36) to our fully equipped lodge in Waitsfield, VT. Waitsfield is a charming village in the Mad River valley, convenient to Sugarbush, Stowe and Mad River ("Ski It If You Dare!") Our Vermont home is a converted 1830 gristmill that sleeps 52 people, usually two to a room, the maximum of four sharing a bathroom and linens and towels are included. In the mornings, the bus drops us off right at the mountain and picks us up in the afternoon in time for hot showers, a cocktail party and a hot dinner prepared by a chef. Cross-country skiers and boarders are welcome, and the bus will also take them and pick them up from the cross country skiing area. Our trips include discount lift tickets and great company for everyone from experts to beginners. Go to our web site for information on the Novice Downhill Skier Program to help defray the expenses of beginners or guests returning to skiing after many years. Cocktails, wine, happy hour and meals and lodging are all included in the low cost trips. The club also runs week long ski trips out West and to Europe and participates in club races.

During the spring/summer/fall, the club offers trips to the lodge to hike, bike and kayak (to name a few of the activities). Meanwhile, members get together throughout the year for baseball games, wine tasting events, clam bakes, city walks, annual dances, holiday parties, mid-week happy hours, etc.
