# Introduction

THE METROPOLITAN NEW YORK SKI COUNCIL is a non-profit organization dedicated to the sport of skiing which embodies recreational skiing - Alpine and Nordic -and amateur ski competition, in the form of intra-club and inter-club races. Our interclub race has been run almost every year since 1936, but due to the current Pandemic it has been cancelled for 2021.

The Met Council's ski clubs with a total membership close to 8,000 reflect all interests. Some recall our backgrounds, for example, the Norsemen, Swedish and German Ski Clubs; some our workplaces like Grumman or LILCO; others residence locations like New York, Suffolk and Garden City; and even National history - the Tenth Mountain Division, like the NY Ski Club.. The Council is a forum for local, national and international skiing concerns.

It organizes special events and presentations, develops programs, listens to gripes and praises, all part of the friendly and invigorating sport of skiing. Its efforts are very important in helping support the U.S. Olympic Team, the Ski Hall of Fame and working with the U.S. Ski Association and the National Ski Patrol System. "Special effort is continuing to work with the United Ski Industries Association, the new name for the merged National Ski Areas Association with the Ski Industries of America and now known as USIA, located at 8377-B Greensboro Drive, McLean, Virginia, 22102; re promotions geared toward safety in skiing programs and the new skier campaign".

American Skiing was born more than 100 years ago with the Nansen Ski Club of Berlin, N.H. and Norwegian settlers of Wisconsin, Minnesota and Michigan. After the turn of the century, the National Ski Association was formed, followed by its first division, The Eastern Amateur Ski Association chartered at Saranac Lake, N.Y. in 1922. When the Federation International de Ski (FIS) was formed (Chamonix, 1924) the National Organization joined them.

Due to the distance between New York City and these organizations the regional Met Council was begun here in 1934. Since then Eastern has dissolved and USSA has moved to Park City, Utah, making the Met Council an even more important forum for Eastern Skiing.

Founders of the Met Council were an important factor in leading the U.S. ski movement, and witness Roland Palmedo, who played a great part in the original development in Stowe, later starting his own ski area - Mad River Glen. He was instrumental in the early stages of the National Ski Patrol, carrying the number 2. About this time the Metropolitan New York Ski Patrol was formed with Ken Littlefield as chairman. The Patrol newspaper "Trail Sweep" was started by Ken Littlefield and later carried on by Tom Ludwig, also a council member. Another council member, John Clair, Jr., served for 25 years as Regional Chairman of the Metropolitan New York Region Ski Patrol.

Although fewer than ten percent of our membership actively compete, we enjoy and support competition.

Over the years this council has been host to American and Foreign ski teams and VIP's visiting the United States largely because of it's location and because of the efforts of the late John Clair, Jr.

## Metropolitan New York Ski Council Harry Walter Voege Memorial Scholarship

The Council is offering a \$1000 scholarship for our eight year. The Metropolitan New York Ski Council Scholarship application is available on line at [www.metnyski.org](http://www.metnyski.org).

Although the prerequisites for applying call for the applications to be members of the MNYSC for two seasons (either as a single member or part of a family membership), there shall be a relaxing of that prerequisite for the years 2021-2022 scholarship award as follows:

For all award years the applicant must have a parent or grandparent who has been a member of the current and past season with no requirement that the applicant be a member.

Applications must be post-marked by April 15th. Applications must be postmarked or dropped off on or before the due date. You may mail your application to:

SnowSports Industries America (SIA) has a long tradition of promoting snow sports on behalf of their 700+ members, which include suppliers, retailers, reps, resorts, service providers and everyone in between.

# Letter from Chairman

Hello and welcome to the 2021/2022 Metropolitan New York Ski Council (MNYSC) Guidebook. Hope everyone well and staying safe.

We are embarking on a new season. Last season was a challenge for both the clubs and the mountains. Hopefully you were able to get out onto the slopes. Please understand that there may be a labor shortage at the mountains this season, please be courteous and respectful to the employees, they are working hard to give you an enjoyable experience.

The Council trip was postponed this season. We will be going to a Club Med resort in Val Thorens, France in January 2023. Info will be posted on the website when we confirm pricing.

Even though it looks like the lift ticket prices keep going up, there are a lot of pass options out there. You have the Ikon Pass, The Epic Pass, The Mountain Collective Pass and the Indy Pass to name a few.

The Metropolitan New York Ski Council represents skiers and boarders from New York City, Westchester, Long Island, New Jersey, Pennsylvania and Southern Connecticut. The MNYSC is a proud member of the National Ski Council Federation. The Federation represents Councils throughout the United States. Their mission is to strengthen Councils, with industry participation, so they can better serve member clubs through communication, benefits, education and to influence issues relevant to snow sports.

The Metropolitan New York Ski Council has been in existence since 1933. We have over 45 clubs. More are joining every season. Check out the club information in the guidebook, we have clubs for everyone. The main advantage for joining a club is the FUN you will have, being able to make new friends, ski or board with others who have the same abilities as you yourself. Clubs connect people who have a passion for the sport. Also, the discounts offered with being a member of a club. The MNYSC offers discounted lift tickets to multiple mountains in the Northeast. You will also see discounted Council days in the guidebook. You will need to be a club member to take advantage of these offers.

The Metropolitan New York Ski Council is also proud members of these organizations, the National Ski Areas Association, United States Ski & Snowboard Association, Ski Areas of New York, National Ski Council Federation and the Snowsports Industries of America. We are also a proud supporter of the International Skiing History Association, the Share Winter Foundation and the New York Museum of Skiing & Snowboarding.

The Metropolitan New York Ski Council also offers a \$1,000 scholarship to high school seniors looking to attend college and college students already enrolled. It is the Harry Walter Voege Memorial Scholarship. The information may be found in the guidebook or on our website [www.METNYSKI.org](http://www.METNYSKI.org).

Please support the smaller mountains in your area. They are the areas that will most likely be someone's first time to either ski or board. The local areas are close and you can get a lot of runs in. We need to bring more people onto the slopes. The sport needs to keep growing. So, if you know someone who might be looking to start, bring them with you the next time you go and get them started. Let them get a chance to enjoy the sport as much as you do. Nothing beats a beautiful day on the slopes. The beginners are the future of the sport. Let's try to get as many new people on the slopes as we can.

Hope you can get out onto the slopes this season. Be well and stay safe.

# THE METROPOLITAN NEW YORK SKI COUNCIL HISTORY

The Metropolitan New York Ski Council had its inception as the Central Ski Committee in 1934. Representatives from 6 clubs met for the purpose of finding a way to bring skiing information to New York and to blaze the trails for the adventuresome to escape to the Winter Wonderland.

Drawn together by mutual interests, they worked in close harmony with the press and the Northland in an endeavor to evolve a uniform method of snow reporting.

The Council found and developed its own area at Norfolk, Connecticut, got ski trains to run there, and promoted weekend snow trains to the Catskills, Vermont, and the Laurentians. It got snow reports into the New York SUN, established a practice slope in Phoenicia, conducted interclub races which have been run ever since 1935, gave free instruction in Central Park, infected thousands of city dwellers with the ski bug by sponsoring movies, and helping promote the first winter sports show in New York City. This Council formed the Metropolitan Ski Patrol shortly after the NSPS was started. Ken Littlefield put out a bulletin, TRAIL SWEEP, which has become the National Ski Patrol's house organ.

Over the years this council has been host to foreign ski teams visiting the United States, largely because of its location and because of the efforts of the late John J. Clair Jr. It has also been a leader of the revival of ski touring.

The following is a highlight of events throughout the years:

November 1940 - The Metropolitan New York Ski Council met with ski writers. The meeting was devoted to an exchange of ideas between the members of the council and the press. Means of facilitating snow reports were also discussed. November 1940 - The Amateur Ski Club, member of the Council, sponsored a meeting to award Minot Dole, Chairman of the National Ski Patrol, with the United States Eastern Amateur Ski Associations Safety Trophy. November 1943 - The Swedish Ski Club, one of the most active ski clubs of the east, contributed 17 members to the United States Ski Troops. December 1947 - The Amateur Ski Club hosted the United States Olympic Ski Team before they were sent off to the Fifth Winter Games at St. Moritz, Switzerland. November 1949 - The Metropolitan New York Ski Council was designated by the National Ski Association of America to serve as the official reception committee to welcome all foreign skiers for the world championships to be held at Lake Placid, New York and Aspen, Colorado this winter. At this time the Council had 28 clubs and 7500 members. October 1950 - The Metropolitan New York Ski Council had 30 clubs and close to 10,000 members. January 1952 - The Metropolitan New York Ski Council hosted the United States Olympic Nordic Ski Squad before they departed to Oslo, Norway for the Sixth Winter Games. 1957 - The Metropolitan New York Ski Council's Ski Development Committee worked with New York State with forming new ski areas in the State. Past members of the council who had an influence in the ski community: John J. Clair Jr. - The Chairman of the 1956 United States Olympic Ski Games Committee. John has also held key positions with the National Ski Association of America, National Ski Patrol System and The United States Eastern Amateur Ski Association. In October 1956, John was named winner of the American Ski Trophy, because of his many contributions to the sport. In May 1970, John was inducted into the Ski Hall of Fame.

Roland Palmedo - The founder of Mad River Glen which opened in 1948.

He was also an author of many books on skiing and developed one of the most extensive ski libraries in America. Roland was also a founding member of the National Ski Patrol.

Harry Voege - President of the New York State Winter Sports Council, Vice President and Director of the United States Eastern Amateur Ski Association and he founded The Metropolitan Ski Jumping Committee. He was instrumental in forming ski clubs throughout the Metropolitan New York City area. Harry was also Director of the National Ski Association. From the 1930's until his death, Harry was an advocate of eastern U.S. Skiing. of the founding fathers in promoting winter sports in the Metropolitan New York City area.

## White Plains Ski Club

70 members

Meetings are held monthly October through April. See club website ([www.whiteplainsskiclub.org](http://www.whiteplainsskiclub.org)) for dates and times.

**Activities:** Members of the White Plains Ski Club have been enjoying skiing, winter and summer sports and outings and each other's company for over 60 years. The WPSC is a fun and affordable way for you and your family and friends to enjoy skiing in winter and the beautiful Vermont countryside year-round. The lodge sleeps 32 and has large communal kitchen and dining areas, living room, a sunken fireplace, and room for equipment.

Many of our members are avid downhill skiers, some are cross country skiers, and some don't ski at all. While Mad River Glen ("Ski it if you can") has a reputation for being a challenging mountain, our membership is comprised of expert, intermediate and beginner skiers who enjoy all that Mad River offers. We have both single and married members, some with children, some without. We have young members and "well-established" members. Despite our club name, our membership is spread throughout NY, NJ, CT and MA.

**Lodge:** Skiers and non-skiers alike are invited to join us and discover our spacious and comfortable ski lodge within walking distance of the legendary Mad River Ski area in Waitsfield, VT.

## Suffolk Skidaddlers

325 members (must be at least 21).

The Suffolk Skidaddlers Ski Club Inc. has been in existence for more than 30 years. We are a totally volunteer club, registered in New York State as a not for profit corporation. Our membership throughout the last five years has been around

400. We require that members be at least 21 years old to belong to the club. Our membership is about an even mix between couples and singles. We do not own nor do we have monetary interest in any lodge or similar facility.

We are a sport and health-orientated club. Primarily a ski club, with more than 15 ski trips a season: day trips, weekend, and week long trips, bus, car or plane. We ski all over the northeast and the west of America. We ski the east and western areas of Canada, as well as France, Italy, Switzerland, Austria and even Sweden.

Additionally, we have summer activities, and club functions ensure that throughout the entire year there is always something to do with the club. We have general meetings 2nd-3tr Wednesday each month, unless it falls on a holiday. There is no requirement to attend meetings.

All of our meeting dates and activities are listed in our newsletter and our website.
